

Mila

#Mila: advanced french fold towel folder

The full range of hospitality towels can be folded by #Mila. Towels up to a length of 2.2m can be sorted as desired on the 4 stacking positions. There are 3 cross folds in the machine that will always give you the freedom to choose the desired way of folding. If you use #Mila as folder behind a full featured #Robin with logo detection, #Mila makes sure, that the logos of the towels will be folded to the outside.
